

Reasons businesses choose Detectronic

Recent surveys show that 70% of customers use the term reliable to describe Detectronic products.

”

Phill was very thorough and knowledgeable in his field and a credit to your company.

Simon Turpin

We are experts in wastewater flow and level monitoring and will work through your application with you to make sure you have the right products for the job.

Outstanding customer service

Every customer gets a dedicated account manager. We strive to provide an individualised service regardless of how many customers we have.

Products that stand the test of time

We understand the environments our products are used in and build high quality instruments that are built to last.

We are a one stop shop

We design, manufacture, install and maintain equipment, then analyse and report on all the data it provides.

”

Our relationship with Detectronic continues to deliver valuable cost and efficiency savings that support our overall business objectives. Smart Network Monitoring is key to achieving these savings and is proving to be highly successful for AWE.
