

MODERN SLAVERY AND HUMAN TRAFFICKING POLICY

Our Company is committed to driving out acts of modern day slavery and human trafficking within its business and from within its supply chains, including sub-contractors, and partners.

The Company acknowledges the Modern Slavery Act 2015 and will ensure transparency within the organisation and with suppliers of goods and services to the organisation. These as well as the suppliers of services make up the Company's supply chain.

The Company's supplier approval process will include a review of the controls undertaken by the supplier regarding slavery and human trafficking. Imported goods from sources from outside the UK and EU are potentially more at risk for slavery/human trafficking issues. The level of management control required for these sources will be continually monitored.

The Company will not support or deal with any business knowingly involved in slavery or human trafficking.

The Company Directors and senior management shall take responsibility for implementing this policy statement and its objectives and shall provide adequate resources to ensure that slavery and human trafficking is not taking place within the organisation and within its supply chains.
